Submitted,

In Madras, tree-tapping licenses are annual in the case of date, palmyra and Dadasal trees and half yearly in the case of Cocoanut and Sago (Bagani) trees. (Vide Rule 9 on page 972 of the Fort St. George Gazette of 31st August 1897 copy put up). A draft is put up asking the Excise Comms. why quarterly licenses have been

proposed in the case of date trees —
while annual licenses are in vogue
in the Madras Presidency.

(3) 23/1/00

My dear Sir,

In the draft Notification re the Sale of Toddy shops for 1900-1901, there are two important matters which seem to require further consideration viz: -

(1) The proposed issue of quarterly licenses for tapping date trees instead of yearly ones as hitherto. To the Madras Rule seems to be different. Vide para 9 of Notification published at page 972 of the Fort St George Gazette of 3rd August 1897. I do not know whether the rule has since been altered. Would not the proposed curtailment of time be considered a grievance? At any rate would not a reference to the Madras Govt: be necessary, I mean in the case of Madras shops obtaining their supply of toddy from Mysore?

2. The further postponement of Tree-rent

At the last meeting of the Representative

*: Herewith sent for reference & obliging return.

Representative Assembly, this was made a grievance of on the ground that occupied land containing Palmyra trees were at a disadvantage. The reply was that the rent had been held temporarily in abeyance to familiarise the tree-tax system. There seems no doubt something in this grievance.

May I request you to kindly favour me with your further views on the above points.

Yours very Sincerely
(Sd) C. Srinivasiengar.

10½ D.K. March 1900.

My dear Sir,

In clause (x) of para 2 of my letter no 4640/202, dated 12th instant, I have pointed out that the date tree yields toddy generally for three months, & full grown healthy tree only for four months, and that it is therefore anomalous to issue annual tapping licenses for date trees. It has been found from experience that annual licenses have enabled tapmen to overwork the trees for longer periods so as to squeeze every drop of juice from them and thereby overdrain their vitality. Therefore it is indispensably necessary to make the licenses quarterly. It will be seen that in so doing, the clause relating to the point is so worded that the licensees are given scope to work the trees for a maximum period of four months. Therefore there could be no real grievance to any one by

by limiting the duration of working each tree to four months. As no date tree both in Madras and in Mysore actually yields toddy for more than four months, the proposed curtailment of time cannot affect the mutual arrangement between Madras & Mysore. In fact this point has already engaged the attention of the Madras Government in the interests of date trees. The Madras Abkari Commissioner demi officially questioned me lately whether we intend to make date tree-tapping license quarterly to protect the trees from rumination. I replied that the question was still under enquiry. On my present proposal being sanctioned, I shall inform him in continuation of my last letter that we have so arranged as to make the tapping licenses run for not more than four months; and the usual no of copies of our notification will also be sent to him in due course officially. We shall then be in advance of the Madras Government in the matter.

The new toddy year begins from 1st October next
so that it will also be convenient to them to make
the necessary alterations in their rules.

2. In consequence of the above restriction from the
next year, I have proposed to retain clause (10) —
waiving the levy of tree-rent during that year also.
As I have stated in my official letter, it is desira-
-ble that restrictions should be introduced
gradually one after another, but not all atonce so
as to discourage the dealers in Toddy. But if the
Government in the interests of Inamdars and occupants
of assessed Government lands intend to order the levy
of tree-rent from the next year, I have no objection to it.
As the reply at the last Representative Assembly was how-
-ever indefinite, viz that the levy of tree-rent had been
waived temporarily to familiarise the tree-tax system, I
think that it can be conveniently held in abeyance
for another year.

My dear Sir,

The Dewan wishes to see you, and if possible Messrs Darby and Kearns also, in connection with your proposal to make the tree-tapping licenses quarterly, instead of yearly. 9 a.m. tomorrow (Friday the 16th Instant) will suit him. Kindly call at the Dewan accordingly, and also arrange for Messrs Darby and Kearns being present. The question is an important one and the Dewan doubts the expediency of the proposal at this tentative stage of the Tree-Tax system.

My dear Sir,

I am disappointed to find that the Toddy & Arrack Notifications have neither been published in a Gazette Extraordinary nor even in yesterday's ordinary issue of the Gazette. To enable me to enquire into the cause of the delay and to call for the explanation from the Press I request the favour of being informed at your earliest convenience when the Toddy Sale Schedules were sent to the Press as promised in your communication to Govt. The Schedules are voluminous and I do not know whether they were sent in instalments or in a lump. The favour would no doubt have expedited the printing.

Yours Sincerely

Excise Commissioner's Office
Bangalore dated 12th/14th February 1900.

From

The Excise Commissioner

To

The Secretary
to the Government of Mysore
General & Revenue Departments.

Sir,

I have the honor to submit herewith, for favor of early approval and publication the draft Notification for the sale of the toddy shops for the year 1900-1901.

2. The additions and alliations required in the Notification and the reasons for the same are detailed below:-

(1) The Deputy Commissioners of Districts authorize also the Revenue Sub-Division Officers and the Divisional Officers of the Excise Department to conduct the sales. Hence the necessary addition in para 1 of the Notification.

(2) As Coffee Planters complained that the restriction of sales of toddy to licensed shops, in specified places only, would

would entail loss to them by their coolies absenting themselves from work to go to these shops, the Planters have been allowed to take up shops for fixed amounts, instead of by competition, and to locate them in their Estates for the use of their coolies. To legalize the present practice, necessary addition is made in para 1 of the Notification.

(3) In view to prevent the licensees of shops from alienating their property and thereby defrauding Government by making their dues irrecoverable, it is necessary that their property also should be held liable for the due fulfilment of the terms of their contract. Hence the addition to para 3.

(4) Following the principle laid down in para 4, the Deputy Commissioner of a certain district accepts the deposit of two months' rent and personal security for an amount equal to three months' rent. To legalize this practice, the necessary

necessary addition is made to para 4.

It has been found from experience that in all cases ——————— where the monthly rent does not exceed Rupees ten, it causes no hardship to insist upon the payment of a cash deposit equal to three months' rent; & that in view to ensure the recovery of Government dues it is necessary that such deposit should invariably be taken. Hence the required addition to para 4.

(5) In penal places in the Malnad both the Date Toddy and Bagani Toddy shops exist. In view to prevent disputes between the licensees of these shops, the necessary additional provision is made in clause (2) of para 5.

(6) The right of vend of Bagani Toddy, or practically the right of drawing Bagani toddy in certain small villages, is purchased by professional men for small sums for drawing toddy from Bagani trees for their domestic consumption.

It

It is necessary that all small rents not exceeding Rupees 5 per annum should be recovered in only one instalment. Hence the addition to clause (3) of para 5.

(7) In Bagani tracts the licensees who purchase the right of vending Bagani toddy in villages, tap trees in many instances for domestic consumption. Hence the addition to clause (9) of para 5.

(8) The restriction that the licensee of a toddy shop shall not have any interest in the exclusive privilege of vending arrack should apply only to the taluk in which the toddy shop is situated, there being no objection to his taking up arrack vend farms in other talukes. Hence the addition in clause (11) of para 5.

(9) As in several instances the licensees of shops live in places other than those in which toddy trees are situated, it is expedient that their agents should be allowed to

to apply for Tree-tapping licences.
Hence the addition to clause (1)(a)
of para 6.

(10) Clause (1)(c) of para 6 has been
altered so as to accord with the
recent Government Order No 11897-906
Ex 485,
dated 20th June 1898, regarding the
toddy-yielding trees in Coffee
Estates, Hittalod Kans.

(11) The word "spathes" used in
clause (7) of para 6 applies only
to cocoanuts, Sagani, palmyra,
& Dadasal trees with reference
to their inflorescence. The clause
is therefore altered so as to make
it applicable to date trees also
on which incisions are prepared
instead of spathes for drawing
toddy. The applications for trees
are delivered in the first instance
to the Treasury. Hence the alteration
of the word "Supervisor" to "Treasury".

(12) Date tree yields toddy generally
for three months only; but

but toddy can be actually drawn from it only forty five times, the tree being tapped every alternate day and one day's rest being allowed to it after each tapping. It is therefore incumbent on issuing annual tapping licenses for date trees; and such licensees also enable tapsmen to overwork the trees for longer periods so as to squeeze every drop of juice out of them and to thereby kill them. It is therefore expedient that tapping licenses for date trees should be quarterly instead of annual. Accordingly clause (8) of para 6 has been modified; and it is so worded that they can use each licensed tree practically for a period of four months. This is the maximum period during which full grown healthy trees yield proper quantity of toddy

Respectfully

(13) To enable the licensees of shops to

to sell toddy from 1st July, it is necessary that pots should be attached to the trees marked for them, atleast during the five days immediately preceding the date of the commencement of their lease. Hence the necessary addition on the subject, to clause(8) of para 6.

(14) The alterations in clause(9) of para 6 are on account of those made in clause(8).

(15) The levy of tree-rent may be waived for another year chiefly on account of the fact that tapping licenses for date trees from the year 1900-1901 will be quarterly instead of annual. It is desirable that restrictions should be introduced gradually one after another, but not all at once so as to discourage the dealers in toddy. Hence the retention of clause(6).

(16) The licensees who purchase the right of vending Sagani trees in certain small villages, tap not more than five trees for

for domestic consumption. In the case of other trees also applications are often received for not more than ten trees. In such cases it is inconvenient to collect with the applications for trees, only $\frac{1}{3}$rd of tree-tax. Hence the addition in column 3 of the table in clause (11) of para 6.

(17). The tapping licenses being made quarterly, there could be no overlapping, and therefore the word "overlapping" is struck out in clause (16)(i) of para 6. In regard to careless tapping it is desirable to make some concession. Hence the addition to this clause

3. On the above proposals being approved by Government draft notification for making similar additions and alterations in the Toddy Rules also, will be submitted.

4 The schedules will follow.

## SALE OF TODDY SHOPS FOR 1900-1901.

NOTIFICATION No. 6540—EX. 217, DATED BANGALORE, 17TH MARCH 1900.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling toddy in each shop or group of shops specified in the appended Schedule for one year, beginning with 1st July 1900 and ending with 30th June 1901, will be put up to public auction by the respective Deputy Commissioners or by Revenue Sub-Division Officers or Divisional Officers of the Excise Department or Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said Schedule, and at the respective taluk kasbas, and will be knocked down to the bidder offering the highest amount of rent for the aforesaid privilege. If the sales are not completed on abovenamed days, they will be continued on the next following days. The licensee is not required to make any additional payment on account of local cess. The Officer conducting the sale shall be at liberty to revise when necessary the grouping of shops as specified in Schedule hereto appended, and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation, or to sell the privilege in any Coffee Estate to the planter for a fixed amount not less than Rs. 12 per shop. The sale in every case shall be subject to the conditions hereinafter set forth and shall, unless revised by the Government, take effect upon formal confirmation by the Deputy Commissioner.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the Officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself, and so much of his movable and immovable property as may be deemed sufficient to observe the conditions hereinafter set forth as well as those specified in the license to be issued to him; and his surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the surety bond, if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith resold or otherwise disposed of

by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the re-sale or other disposal but shall not be entitled to any gain by the re-sale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above and to furnish approved personal security for an amount equal to four months' rent, or to deposit two month's rent and to furnish personal security for an amount equal to three months' rent In all cases where the monthly rent does not exceed rupees ten, a cash deposit equal to three months' rent shall invariably be taken, and no personal security shall be demanded or accepted.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(1) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shops or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Supervisor, who will grant the necessary permits on proof of the necessity for the same.

(2) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani, and dadasal toddy. But in tracts where both date and bagani toddy shops exist, the licensee of the date toddy shop shall not tap Bagani trees, and the licensee of the bagani toddy shop shall not tap date trees; but both licensees can tap any of the other palm trees named above.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1900, each instalment shall be regarded as the rent for the month in respect of which it is payable. But if the amount of annual rent for any shop does not exceed Rs. 5, the whole of it shall be paid in the first instalment. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, forfeit all deposits made by the defaulter, and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the same as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents the aggregate of which is not less than the rent, the defaulting licensee had agreed to pay.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale.

(5) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on

the defaulting licensee informing him of the nature of the arrangements made.

(6) Toddy shall not be sold to the public at less than the retail rates specified in the appended schedule.

(7) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts, if any.

(8) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. The licensee of the depôt shall keep true accounts of the quantity of toddy received in the depôt and issued to the shops. The passes issued with the toddy transported shall be subject to examination and check by the officers authorized in this bahalf.

(9) The toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited. Provided, however, that in bagani tracts the licensee who has purchased the right of vend of bagani toddy may permit the tapping of bagani trees for domestic consumption, as well as for sale within the limits of the village purchased by him. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack within the taluk in which his shop is situated nor permit any person having interest in the exclusive privilege of vending arrack in the taluk to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the Territories of Mysore.

(12) The licensee shall be bound by the provisions of the Excise law and rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(13) The license shall not be transferrable, except with the permission of the Excise Commissioner.

6. The Tree-tapping Rules provide as follows:—

(1) Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorized Agents,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the Tree-tax prescribed in clause 9 below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the prescribed tree-tax for drawing toddy for *bonâ fide* domestic purposes as per Government Order No. 11897-906—Excise 485, dated 20th June 1898, for such Number of trees as may be found necessary by the Excise Commissioner.

The licenses may be issued in the name of applicant himself or of his nominees.

(2) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him.

(3) Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

(4) Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree tax on account of the trees licensed therein to be tapped.

(5) On receipt of an application the Supervisor will at once take steps for the marking of the trees by an Officer superior in rank to an Examiner and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice the tree-tax paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

(6) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(7) No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury.

(8) For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of the licensee, applications for tree-tapping licenses will be received, trees will be marked and licenses will be issued during the 15 days, and pots may be attached to such marked trees during the five days, immediately preceding the period to which they relate, to take effect from the commencement of such period, provided that no toddy shall be removed from the trees except during the currency of such license.

(9) No tree is to be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :

| TREE. | Tree-tax for each tree per annum including local cess. Rs. a. p. |
|---|---|
| Date ... ... ... | 1 1 0 |
| Cocoanut ... ... ... ... | 2 2 0 |
| Palmyra ... ... ... ... | 1 9 6 |
| Bagani or Sago palm .. ... ... | 1 9 6 |
| Dadasal ( Arenga wightii) ... ... ... | 0 8 6 |

NOTE—The licenses will be free of tax to the Mysore Government in the cases specified in clause I (*b*) and (*c*) above.

(10) The Government waive for the year 1900-1901, the levy of a rent, in addition to tree-tax, on Government trees tapped for supply of shops included in this Notification.

NOTE (1) Tree rent at 4 annas per tree with local cess thereon shall be levied for Government trees tapped for the supply of shops in the Civil and Military Station of Bangalore and those outside the Territories of Mysore.

NOTE (2) No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject of course to the levy by Government of tree-tax.

(11) The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct:—

| Period within which license is applied for. | Proportion of tree-tax to be paid at the time of application for license. | Proportion of tree-tax to be paid before the end of the month following. |
|---|---|---|
| Between 1st July 1900 and 30th April 1901. | One-third ... | The remaining two-thirds. But if the number of date, cocoanut and palmyra trees applied for be ten or less than ten, and of bagani and dadasal trees be five or less than five, the whole amount of tree-tax payable thereon, shall be paid with the application. |
| Between 1st May 1901 and 30th June 1901. | The whole ... | |

(12) Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(*a*) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government Rules.

(*b*) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Thasildar's Treasury concerned in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Thasildar after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(*c*) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the Officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(*d*) The Supervisor concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching near any Mysore toddy shops. The latter should not be

located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(*e*) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

(13) In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted—

> "All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a General Transport Permit granted by the Deputy Commissioner of the district, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

(14) Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any Officer duly empowered by it in this behalf.

(15) Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

(16) Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be over tapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than 3 feet from the ground except in places where permission is specially given.

(*e*) No date tree shall be cut to a greater depth than one-third of its diameter.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) Not less than eight leaves should be left on each tree.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree in excess of three per cent of the number of trees marked for him which may die from over tapping or careless tapping either during the lease or within six months after its expiration.

7. In case of any breach of the conditions of the license, either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the lease shall become due at once; and all loss caused to Government by the cancelment or re-sale or otherwise of the license shall be made good by the licensee or his surety in the manner specified for re-sales in para 3 above. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

8. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employes for any offence punishable under the law for the time being in force.

By Order,

C. SREENIVASIENGAR,

Sir, With reference to your docket No. 6780/Ex 221, dated 23rd March 1901, requesting that an experiment may be made in selected localities in order to find out whether by tapping date trees daily or at shorter intervals than at present, the maximum of benefit in a minimum of time cannot be obtained by the licensees of toddy shops, should the present annual currency of the T.T. license be shortened as recommended by me, and that the result of such experiments may be reported for the information of Government, I have the honor to report that experiments were made by selecting four trees, two out of those applied for by one of the Renters of shops and duly paid for

and

and marked by Excise Officers, and the other two trees adjoining the above trees, but not applied for or marked. The former trees were tapped in the usual course, ie every other day, while the latter were subjected to daily tapping. The results of yield under the two different classes of drawing toddy are detailed in the accompanying statement from which it will be seen that the average yield from the trees tapped daily fell far short of that drawn every other day.

2. A quantity of the different kinds of toddy was given to people to drink with a view to ascertain how they relished each sort. They unanimously gave their opinion in favour of the toddy drawn on alternate days, while they condemned the toddy drawn daily from trees, as insipid and watery and not fit for drinking. This fact conclusively proves that the toddy drawn daily from trees is utterly useless as a beverage, and that therefore no renter would ever attempt to tap the trees daily.

3. Further the daily-drawn toddy was found on an examination to contain much less Sugar than the toddy drawn in the usual

manner,

manner, and therefore to be much poorer in alcoholic strength.

4. Both the kinds of toddy were exposed to the sun for the same period to ascertain which fermented quicker than the other. It was found that the toddy drawn daily took twice the time that the toddy drawn on alternate days did. In localities — where date trees are abundant, toddy of still better quality is drawn by giving rest to the incision for two or three days instead of one day. The results of the — chemical examination of the several kinds of toddy are annexed below :—

| | Percentage of absolute alcohol | |
|---|---|---|
| | By weight. | By Volume |
| Toddy drawn after one day's rest to the tree. | 4.50 | 5.65 |
| Toddy drawn after two days' rest. | 5.15 | 6.40 |
| Toddy drawn after three days' rest. | 5.75 | 7.15 |

It is thus clear that at least one day's rest should be given to the incision on the tree to draw toddy fit for — Consumption.

5. Under the above circumstances, I am of opinion that there is very little likelihood of toddy being drawn daily, as the renters are well aware that such toddy would find no favour with the consumers

6. The question of limiting the currency of tapping licenses to certain months in each year instead of issuing them for the whole year as at present, will, however, be deferred pending further tests in other districts where tests have not been so satisfactorily made.

I have the honour to be

Sir

Your most obedient Servant

M Iswara

Excise Commissioner

in Mysore.
